2. Short history and main issues when starting support centre at University of Zagreb

What we do?

- Publications
 - Brochures, Regulations, Guidelines...
- Monitoring of Doctoral candidates
 - Creation, development and implementation of “Online database of doctoral students”, goal of which is to keep track of all doctoral candidates at the university, from enrolment to graduation
- Administrative support for doctoral thesis approval and defence
- Promotion of new doctorate holders
- General support for Doctoral candidates
 - Includes legislative advising, different types of problem-solving support, mediating activities
- Help in “challenging” matters
 - situations where the rights of doctoral candidates have been breached, and where the intervention of University is needed (mostly problems with academic ethics and integrity)

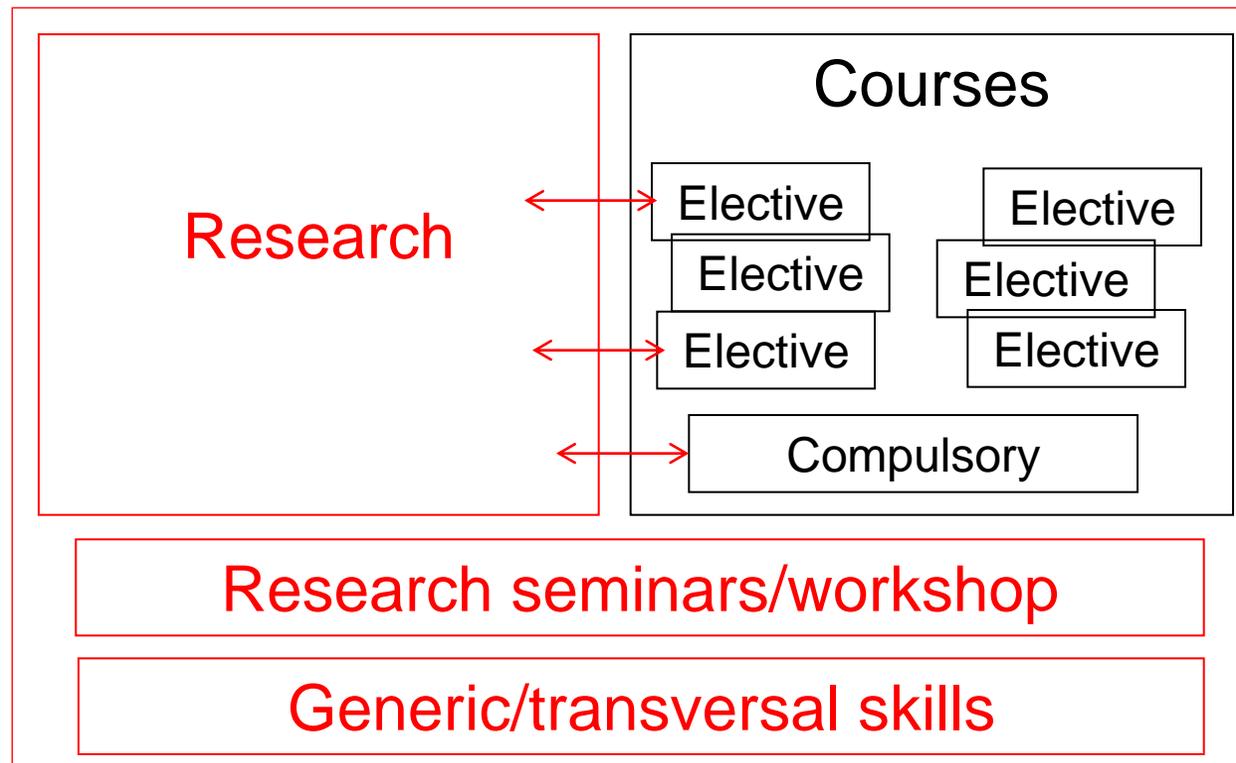

Implementations at UniZg (1)
