Virtual mobilities in Montenegro

Practice example of a 2023 funded project

Project title: Teaching critical thinking in science through nanolearning and virtual exchange principles

Project acronym: NANO-THINK

Project duration: 2024-2027

Budget: 371 863,00 €

Project coordinator: Sveučilište u Rijeci, Fakultet zdravstvenih studija

Project partner from Montenegro: **Univerzitet Donja Gorica**

Objective: The Teaching critical thinking in science through nanolearning and virtual exchange principles (NANO-THINK) project is a comprehensive initiative aimed at creating and designing a specialized program that fosters the development of critical thinking in science. The program is designed to leverage the principles of virtual learning and nanoscience to deliver an effective and engaging learning experience for students.
